

# BUDGET SUGGESTION BOX FEEDBACK REPORT

## PRESENTED TO THE EUDORA BOARD OF EDUCATION ON 6/9/11

Eudora Schools welcomes feedback from parents, staff, patrons and others. An online form is posted on [www.eudoraschools.org](http://www.eudoraschools.org) where individuals can submit ideas for cost-savings measures in the school district. A report of feedback generated from this form will be presented to the Eudora Board of Education on a monthly basis. In order to be considered, submissions must follow these guidelines, also posted on the online submission form:

- Suggestions should be direct and may be edited for length and/or clarity.
- Common courtesy is expected. Personal attacks will not be considered.
- Respecting employer-employee privacy, any submission that mentions individuals by name will be discarded. Meaningful suggestions will be focused on changes to programs, procedures or facilities.
- Comments may be edited for length; similar comments may be combined or paraphrased as appropriate. Every effort will be made to retain the original intent of each suggestion when presented for the board's consideration.

---

### **Suggestions for cost savings, in no particular order, received between the dates of 3/9/11 and 4/13/11:**

1. Examine the programs that have been added during the past several years when funding was increasing. If funding is cut, these programs should be cut, either temporarily or permanently.

### **Other submissions of note:**

1. Consider seeking a grant from the Kansas Department of Health and Environment to fund an e-waste recycling program; proceeds from recycled metals could fund district initiatives.
2. Should future cuts need to be made, it would be better to charge a small student fee to fund district music programs, instead of eliminating them.
