

Douglas County kids need your help!

Children grow best in families. Sadly, children in foster care are uprooted from more than just their families. They can lose their homes, their schools and their communities in one swift move.

There is hope for a child in foster care to remain in their home school district when a family like yours steps up to provide temporary care.

Please help a child in your neighborhood today.

For more information on how to help a child in foster care remain in Douglas County, call KVC Behavioral Healthcare, Inc. toll free at 1-888-655-5500 or visit us at www.kvc.org.
