Taking appointments Mon-Fri.

Our Mission at His Hands Clothing Closet Limited: To provide gently used or new clothing and shoes to those who are struggling to make ends meet in our tough economic times.

Since October of 2009, His Hands has helped countless families in and around the Northeastern Kansas area. Anyone who needs clothing, shoes, coats, and seasonally appropriate items for themselves and their family can get them here by appointment basis only.

We help people of all ages here without discrimination or prejudice. We take in gently used items we receive through business donations or personal donations alike. Our items are suitable to wear to school, work, church, etc. We cannot guarantee you will find every size as we try very hard to ensure you can. We have a "wish list" for those items and when we do get them in you will be notified.

His Hands carries clothing of all sizes, for men, women, and children alike. By appointment or referral you can come in and pick out 3-5 outfits per family member that resides in your home. We don't have a lot of space so this is why appointments are crucial. No qualifications or criteria to meet here.

Helping the community is Our passion and the whole reason the clothing closet was bourne. You are Welcome her just like family.....
