

# Lab Safety Contract

AgriBiotechnology  
Research & Development

Interval

Complete this contract by reading each safety rule and then writing a check mark next to it. After completing the contract, sign and date it. The instructor may require a parent's or guardian's signature also.

I have reviewed and understand the lab safety rules and agree/know:

- \_\_\_\_\_ 1. To report **all** accidents.
- \_\_\_\_\_ 2. **Always** to wear personal protective equipment, such as goggles, gloves, and apron.
- \_\_\_\_\_ 3. The location of **all** the safety devices, in particular, the first aid kit, the eye wash station, the fire blanket, and the fire extinguisher.
- \_\_\_\_\_ 4. **Always** to be attentive when performing lab activities and to remedy quickly situations that might lead to an accident.
- \_\_\_\_\_ 5. To handle glassware carefully and **always** to use a cleaning brush and dustpan when cleaning up broken glassware.
- \_\_\_\_\_ 6. How to wash my eyes properly in case of chemical splashes.
- \_\_\_\_\_ 7. How to react to chemical spills on my skin and clothing.
- \_\_\_\_\_ 8. **Never** to handle hot objects without using protective gloves, clamps, or tongs.
- \_\_\_\_\_ 9. **Always** to be extra careful and follow specific safety precautions when working with an open flame, electricity, and sharp objects.
- \_\_\_\_\_ 10. **Always** to clean the workstation thoroughly and to dispose of waste materials properly when finished with an activity.
- \_\_\_\_\_ 11. Inappropriate behavior that could lead to the harm of others or myself could result in removal from the Pathways environment, as well as additional disciplinary action deemed necessary by the instructor and/or school district.
