### **What is the Eudora Schools Foundation?**

The Foundation was founded in 2006 to improve educational opportunities for all Eudora students by funding a variety of programs, such as:

- Special projects, such as reading programs, guest speakers, technology tools, and many other opportunities that extend beyond the normal financial means of the district.
- Mini-grants to encourage teachers to find new and innovative ways of integrating technology or other resources in their classrooms.
- Support for professional development among faculty so that students can benefit from the most respected research and techniques.
- Scholarships and awards for students and teachers who demonstrate excellence in and out of the classroom.

For more information about the Eudora Schools Foundation, call 785-542-4910 and ask to speak to the Foundation coordinator.
