EUDORA MIDDLE SCHOOL

USD491 MISSION

While fostering a partnership with students, parents and the community; the mission of Eudora Schools is to prepare the students to be effective, successful, and responsible citizens with the ability to use their knowledge, behavior, and skills to reach their full potential while facing the challenges of tomorrow in our ever-changing world.

BUILDING MISSION STATEMENT

The mission of Eudora Middle School is to create a safe and nurturing environment to meet the unique needs of middle level students as they develop intellectually and socially. Our goal is to help educate the Whole Child by encouraging individual growth, developing strong social-emotional wellness, providing an exciting and rigorous education, increasing opportunities for participation, and promoting sportsmanship and teamwork.

WELCOME TO EMS

Welcome to Eudora Middle School. Eudora Middle School is for students in grades sixth through eighth. We hope you will find our teachers, staff, and students friendly, helpful, and willing to assist you in your transition to and through middle school. If you have any questions or concerns about any of our programs, please call our office at 542-4960. Teachers are available for conferences according to their schedules and the principal's door is open for visits at any time.

SCHOOL HOURS

Regular school hours are 8:05 a.m. to 3:25 p.m. for all students. Students may ride the district shuttle buses. A shuttle schedule can be found on the district web site or at district buildings.

Leaving School During School Hours or Once A Student Has Arrived At School

Students may be dismissed during school hours to meet a medical or dental appointment or for personal reasons of the parent. To safeguard your child, requests for dismissal must be by phone or in writing and submitted to the office. If possible, send this request to the office one day in advance. Once a student arrives at school they may not leave without permission from the office. Before the student is released, the parent must come to the office and sign the student out.

ARRIVAL AT SCHOOL

Students should not arrive at school before 7:40 a.m unless they have special permission. Doors will be unlocked daily at 7:40 a.m. so students may gain admittance to the building. Students will not be allowed to wait at the doors. They should stay in your vehicle until doors are unlocked due to no supervision until 7:40 a.m. Students eating breakfast may enter the building and proceed to the food service area at 7:40 a.m. Other students will report to the designated area. In addition, students will be expected to leave the premises at 3:30 p.m. unless they are with a member of the staff or in an activity.

SAFETY TO AND FROM SCHOOL

Because of the location of Eudora Middle School, and traffic issues on Douglas County road 1061 (Church Street), students are NOT allowed to ride bicycles to or along Douglas County 1061. Students living south of Kansas Highway 10 and who will NOT be traveling along Douglas County road 1061 are allowed to ride bicycles to school.

Skates/Skateboards/Motorized Scooters/Scooters/Wheelies (shoes with wheels inside the soles) are NOT allowed at EMS, and will be confiscated. Parents are also discouraged from allowing their students to walk down Douglas County Road 1061 to and from school. Shuttles will be provided to/from other schools in the district. Students will need to make arrangements, however, after detentions.

ATTENDANCE POLICY

Regular school attendance is expected of all students and is a necessary factor in achieving school success. While we are aware that all learning is not confined to the classroom, the educational opportunities are severely limited for the individual student when that student is absent from the classroom environment. Parents should be aware of student absences and help reduce unnecessary loss of class time

When your child is absent from school, please call the office before 9:00 am on the day of the absence. If your child is not in attendance and the school has not received notification **within 48 hours**, the absence will be permanently recorded as unexcused. It is the student's responsibility to ensure a parent verifies the absence; the EMS office will not pursue parental verification. Parental approval of an absence does not necessarily make the absence an excused absence.

After 15 days of school absences (105 hours), an absence will require a doctor's note in order to be considered an excused absence. Time missed past 15 days will still require the hours be made up before or after school or during Saturday School. Without a doctor's note, these absences will be unexcused and truancy will be filed.

Excused absences will be given for the following reasons:

- Religious activities and/or religious holidays
- Sickness, injury, or other medical condition
- Family funeral • Legal reason (documentation must be provided)
- Extraordinary family circumstances (excused at the discretion of a principal)
- Pre-approved absences - absences from school that have been approved by a building principal prior to the occurrence

Unexcused absences are not covered by the aforementioned definition. Examples of an unexcused absence may include, but may not be limited to:

- Repetitive or chronic absences due to illness or injury not documented by a medical professional
- Truancy
- Family vacations (unless prior approval has been granted)
- Undocumented absences. (must meet the 48 hour notification stipulation)
- Non-emergency family situations
- Attempts made by a student to falsify an absence through a call by a parent impersonator
- Any tardy 10 minutes or greater to a class

Unexcused absence time must be made up before or after school and/or during Saturday School.

- Building administration will set make-up time. Additional disciplinary action may be taken by the administration beyond a student having to make-up unexcused time.
- If a student misses the make-up time, they will be assigned additional time and points will be assigned from the disciplinary point system. If a student misses two consecutive detentions or more than three detentions in the school year they will be required to serve an ISS in addition to making up their assigned detentions.
- Last minute rescheduling of detentions and make up time will not be allowed. Rescheduling must take place before 8AM the day the detention is to take place except in cases of family emergencies.
- If a student misses Saturday School they will be required to serve an ISS when they return to school and will be assigned an additional Saturday School.

Once a student has reached the maximum of 15 absences (105 hours), the following policy will be applied:

- Students will make up time whether the absence is excused or unexcused.
- Time missed will be made up before or after school and/or on Saturday morning immediately following the student's return to school.
- A student that has 14 or more hours to make-up due to excessive or unexcused absences will be classified as a student not in good standing. A student not in good standing cannot attend nor participate in extracurricular activities or events. (This includes prom, senior trip, sport events, etc.)
- Students exceeding unexcused absence totals established by the KS Legislature will have truancy filed. See Truancy Policy located elsewhere in this section.

Extensions to the attendance policy as it relates to excessive absences may be granted by the administration for the following reasons:

- Chronic medical reasons. This requires doctor verification for each day missed from a scheduled school day.
- A student is absent consecutive days for a family emergency. Parent/s and administration will discuss the emergency, then administration will have the final decision on the validity of the reason.
- All extensions and the length of those extensions are contingent upon the judgment of the administration.
- Students whose absences are excused are given an opportunity to make up missed work. Students will have two days per excused absence to make up new work assigned during the absence. After any excused absence, it is the student's responsibility to make the initial contact with his/her teacher(s) to determine make-up assignments and schedule times for taking any tests missed. Students are encouraged to contact teachers via email during their absence, or visit with their teachers first thing upon their return to school. When the student knows in advance that she or he will be absent, the student should request any required work prior to the absence. If a due date is established for an assignment, project, or test before a student's absence, the student is expected to meet the original deadline. Making up work that was missed during a prolonged absence due to illness may be handled on an individual basis between the teacher and student. A prolonged absence would be anything over a week's time.
- Students absent from school for more than half a day (for reasons other than school sponsored or school approved activities) will not participate in any extracurricular school activities occurring on that day without administrative approval. This includes late afternoon and evening events.
- If a student has irregular attendance, parents will be called for a conference. If satisfactory arrangements cannot be made, the student may be suspended or expelled.

Parental approval of an absence does not necessarily make the absence an excused absence. Any absence not verified by a parent within 48 hours will be unexcused. It is the student's responsibility to have a parent verify the absence.

For advance approval of an absence, a request must be turned in and approved by the principal and taken to all classes one day in advance. (This may be in the form of a note from home and brought in for the principal's signature and carried to each class for notification to the teachers.) This form must then be returned into the office.

TARDY POLICY

Students who are tardy to school for the first hour must obtain an admit slip in the main office. Tardiness is considered unexcused and will accumulate. A fourth tardy to a specific class during a semester, results in the student being given detention. A student receiving a combined total of ten tardies during a semester will be given a detention for every tardy on the 10th and beyond. Habitual tardiness could result in ISS or OSS. Any arrival later than 10 minutes into the class, if it is not excused, will be considered an unexcused absence for that class and the time will be made up. Tardiness due to inclement weather will be excused only if the school buses are also running late or through administrative discretion.

SATURDAY SCHOOL

Saturday School is for students who have an unexcused absence during one or more hours of school and/or disciplinary consequences. Saturday School begins at 8:00 a.m. and dismisses at 12:00 noon. Students should meet at the front office doors at 7:55 a.m. The same expectations apply as those used for after school detentions. A no-show results in a disciplinary consequence and additional points accumulating on the discipline scale.

SKIPPING

Students who skip will need to make up the same amount of time skipped in Saturday detention. Students will not be allowed to make up work they missed while skipping. They will receive no credit for assignments or tests.

TRUANCY

(Kansas Compulsory/Attendance Law and Reportable to SRS) In compliance with, and taken partly from KSA Supp 38-802 (1973, HB 1502) Juvenile Code and Supp 72-1113, and KSA 72-1113 (1973, SB 26) a child is required by law to attend school.

If a child is inexcusably absent, they may become truant, and a building principal or other designated individual will make truancy reports. A truancy report will be filed when a student has:

- 3 Consecutive Unexcused Absences; or
- 5 Unexcused absences in a Semester; or
- 7 Unexcused absences in a School Year.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester, or seven unexcused absences in a school year, whichever occurs first. A letter shall be sent to the student's parent notifying him/her that the student's failure to attend school without a valid excuse shall result in the student being reported truant. Truancy will be reported to either Department of Children & Families (if the student's age is less than 15 years and 9 months) or the Douglas County District Attorney (if the student's age is greater than 15 years and 9 months). Per district policy, an unexcused absence for any fraction of a school day (minimum one class period) shall be considered an unexcused absence for the entire day.

ACADEMICS

STUDENT IN GOOD STANDING

Eudora Middle School defines “Good Standing” as a combination of good academic performance, good citizenship, and a satisfactory attendance status. Unless time is owed from a previous semester, all students will start a school year as being in “Good Standing”. Students maintain their “Good Standing” status by meeting the school’s expectations in terms of satisfactory academic progress, proper behavior reports, and regular school attendance records. Failing to meet standards in one of or multiple areas will result in the student being considered as “Not being in Good Standing”.

- **Academics:** To maintain good academic standing students must be passing five classes.
 - Student must pass 5 classes from the previous semester to be eligible to participate for the current semester per KSHSAA policy.
- **Behavior:** Students who are in violation of academic and/or student conduct policies established by USD 491 or Eudora Middle School will be considered to be not in good standing until all redresses have been completed. This will be connected to suspensions as well as point total accumulation on the behavior code.
- **Attendance:** A student that has 14 or more hours to make-up due to excessive or unexcused absences will be classified as a student not in good standing, or owes more time to be made up than the number of hours remaining within the school year.
- A student not in good standing cannot attend, and/or cannot participate in extracurricular activities or events. (This includes school dances, class activities and field trips, participation in extracurricular, etc.)
 - Students in KSHSAA extracurricular activities will also follow the KSHSAA and EMS Student Activity weekly eligibility requirements.
- A student not in good standing will be relegated to attending a “Closed” Power Hour for lunch in the library and/or office until they regain a status of “Good Standing”.

HOMEWORK

Eudora Middle School homework policy states, all students will have two days for every day they are absent to make up assigned work. All work is due at the end of the second school day they returned. If an assignment has been assigned a week in advance and the student misses the day it is due, the assignment is due the day they return. Extended absences, more than 3 days in a row, students are to consult with the teacher as to a due date. In this situation, the due date will be not less than 6 days.

This may not apply for projects or major assignments with deadlines established several days in advance of a due date.

6th Grade Late Work Policy

If the assignment is turned in the day after it was due, 20% will be taken off of the overall earned score. The student will have one week (7 days) from the date due to turn in the assignment for 50% of the overall earned score. After one week, no credit (a zero) will be given to the missing assignment or major project.

7th Grade Late Work Policy

If the assignment is turned in the day after it was due, 20% will be taken off of the overall earned score. The student will have one week (7 days) from the date due to turn in the assignment for 50% of the overall earned score. After one week, no credit (a zero) will be given to the missing assignment or project.

8th Late Work Policy

If the assignment is turned in the day after it was due, 20% will be taken off of the overall earned score. The student will have one week (7 days) from the date due to turn in the assignment for 50% of the overall earned score. After one week, no credit (a zero) will be given to the missing assignment.

All grade level teachers may adjust the late policy at their discretion due to the nature of the class or a specific assignment or major project.

Tests

If a student is absent the day of a test but was present the day preceding the test, the student will take the test the day he/she returns to class. If a student is absent the day preceding the test, the student may have one additional day after returning before taking the test. If a student is absent two days before the test, the student will be given two days after returning to make up the test. If a student is absent three days preceding the test, then three days will be given after returning for makeup. Three days are the maximum number of days for making up tests unless special arrangements are made by the student with the teacher. This should be done only in special situations such as extended illness or other situations that have taken the student out of class for an extended time.

A teacher should notify the student that the test was missed. This should be necessary only if the student missed the announcement of when the test would be given. It is the student's responsibility to notify the teacher when he is ready to take the test within the specified time limit.

GRADING SYSTEM

The Kansas Uniform Grading System is used to record academic progress. These grades and their meaning are:

- A – 90%-100% work is outstanding-superior
- B – 80%-89% work is above average
- C - 70%-79% work is of average quality
- D – 60%-69% work is below average – inferior
- F – Below 60% work is not acceptable for credit
- I – work has not yet been completed

Incompletes will need to be made up in two weeks following the end of a grading period.

GRADING, PROGRESS REPORTING, AND HONOR ROLL POLICY

Each grading period is approximately nine weeks in length. Parents who have Internet access may have daily access to their student's grades, and attendance through the school's PowerSchool program. Parents must request a password from the office after presenting a picture ID. Incompletes must be removed within two weeks after the distribution of grades or the incomplete becomes an F. No incomplete grades will be given during the 4th quarter.

Recognition for Outstanding performance in all classes will be in the form of the Straight A Honor Roll by obtaining an "A" in every subject, the Honor Roll is a "A-" (3.67) grade point average without any grade below a "C" (2.00) or lower, and the Honorable Mention Honor Roll is a "B" (3.00) grade point average without any grade below a "C" (2.00) or lower

- A - 4.0
- B - 3.0
- C - 2.0
- D - 1.0
- F - 0

GUIDELINES FOR PROMOTION

Students who are not performing adequately academically can be subject to grade level retention. "Adequate performance" will be determined by the team currently serving the student as well as administration and they will analyze a number of factors, including grades, assessment data, and skill levels in order to determine academic promotion. A committee to determine retention or promotion may review students who fail core classes. The committee will be composed of Middle School Staff.

All 8th graders must pass 3 of their 5 core classes (Math, ELA, Social Science, Science, & PE/Health) at the end of the Spring Semester of their 8th grade year in order to participate in 8th grade Promotion. Letters will be sent to parents of any students in danger of not meeting the requirements. Follow-up telephone calls and conferences will also take place. It is our sincere hope that all students will be eligible to participate in 8th grade promotion.

SOAR REWARDS

In an effort to promote good student attendance, positive student behavior, and academic achievement throughout the school year, Eudora Middle School will implement the following rewards for students to earn each semester:

- Fall Semester Activities at the end of the semester
- Spring Class Field Trips for each grade level

These privileges are for students who qualify in each semester based on academics, behavior, and attendance. Below are the criteria to go on the trips. There will be assigned dates to decide on students meeting the criteria for the rewards which could consist of 1 to 2 weeks prior to the activity. Below are the criteria that a student must meet to be eligible:

- Students cannot receive more than 1 Major in a semester.
 - Students that have received an ISS suspension in that semester may still attend, so long as they write a letter to administration and approved by administration, explaining what they have learned, why they deserve to go, and what they have changed.
 - Students that have received an OSS suspension in that semester may only attend at administration's discretion. More than 1 OSS suspension students are automatically ineligible.
- Students cannot receive more than 5 Minors in a semester.
- Students must not be considered not in good standing for attendance. (Students that have more than 17 days missed and have not created a plan with the office to make up days)
- Students must be passing ALL classes for the semester one week prior to the field trip.

Students not meeting the criteria for Majors and/or Minors can make up to 2 behavior points through community service at the school per semester. Students can erase 1 Major or 3 Minors by participating in 1 hour of community service at the school. Community service must be approved by administration and set up 1 day in advance. Students must make up Majors and/or Minors in the same quarter that the infraction occurs. They will NOT be able to make up Majors and/or Minors that occur from the previous quarter.

Students not meeting the criteria for Attendance can make up time before/after school, during lunch, and Saturday School. A missed school day equates to 6.5 hours of time that students need to make up. Students may also have the opportunity to make up time volunteering at different school activities but this must be approved by the school administration.

POWER HOUR

Power Hour gives students time to eat lunch and enjoy the Outdoor Learning Center or the Auditorium when the weather is not great outside. If a student is failing two or more classes they will be subject to Closed Power Hour. Any student that is a student "not in good standing", for academics, behavior, and/or attendance will report to the library and/or office for Closed Power Hour. A student that is in Closed Power Hour will have the opportunity to work on their missing homework to be able to improve their grades and/or make up time. Once the student is in good standing, they can return to Power Hour.

ADMISSION OF STUDENTS

Resident Students

Any educable child of specified age or who meets specifications established by Kansas statutes and who is living with a natural parent, or parent by legal adoption, or guardian, who actually resides within the boundaries of the Eudora School District, shall be permitted to attend the public schools of Eudora, Kansas, without payment of tuition, unless otherwise prohibited by the policies, rules and regulations of the Board of Education of Eudora, Kansas. Unified School District No. 491 will not pay tuition for students attending school in other districts except as may be mandated by the State of Kansas or the Federal Government.

Non-Resident Students

Non-resident students may be admitted to the Unified School District No. 491 when such action appears appropriate. Non-resident students must fill out an application. The District reserves the right to deny any application it deems necessary. Some of the factors to be considered prior to rejection or acceptance are as follows:

From Previous School Year

1. No more than 15 days absent
2. Minimum of 2.0 grade point average on a 4.0 scale
3. No suspensions for drug or alcohol abuse
4. Maximum of one (1) suspension for any other reason
5. Does not have adjudicated offender stats.

Failure to meet one or more of the previous criteria may constitute grounds for non-acceptance. In addition students will be recognized for the following:

For Current School Year

1. Check-out grades of at least 2.0 grade point average on a 4.0 scale
2. No more than an average of four (4) days absent per nine-weeks
3. No suspensions for drug or alcohol abuse
4. Maximum of one (1) suspension for any other reason
5. Not leaving former school because of expulsion
6. Does not have adjudicated offender status
7. Class sizes indicate there is room for the student
8. No bus shall leave the District or its normal route to transport non-resident students

Failure to meet one or more of the previous criteria may constitute grounds for non-acceptance.

Other Guidelines

1. Applicants will be evaluated at the building level and either accepted or rejected with an appeal process to the Board of Education.
2. Those students accepted will be subject to a building-level review every semester to determine acceptance for the following semester with an appeal process to the Board of Education. The fall semester review will take place between December 10 and 20, to allow time for appeals to the Board of Education.
3. Children of Eudora U.S.D. No. 491 employees will automatically be accepted initially, but will be subject to a building-level review each semester with an appeal process to the Board of Education.
4. Current out-of-district students who have attended Eudora U.S.D. No. 491 schools two or more years will automatically be accepted but will be subject to a building-level review each semester with an appeal process to the Board of Education.
5. In the semester review, the following items will be considered to determine continued enrollment:
 - a. Attendance
 - b. Grades
 - c. Disciplinary record
 - d. Academic progress toward graduation
 - e. Level of positive influence on school environment
 - f. All district financial obligations have been met

WITHDRAWAL OF STUDENT

A student planning to withdraw from school should report this intention to the principal's office and pick up a withdrawal release form that MUST be signed by a parent/guardian and each teacher then returned to the office for the principal's signature.

STUDENT CODE OF CONDUCT

GUIDE TO GOOD CONDUCT

A school is known by the quality of the people involved with its students, faculty, administration, supportive staff, and board of education. A good measure of this quality lies in the goals set by and for the school by members of these groups. Likewise, a good measure of an individual lies in the personal goals of achievement and conduct that will compile a school record needed for future education or employment.

Eudora Schools will be committed to developing high quality, fair and clear principles for our community of learners based on Social, Emotional and Character Development (SECD) principles. A strong connection exists between Social, Emotional and Character Development (SECD), school behavior, and academic performance. Social and emotional factors relative to student success promote a healthy school. Social, Emotional and Character Development (SECD) provides a foundation for our community of learners, which positively impacts student's feelings of connectedness, and creates a sense of autonomy about their schooling and other aspects of their lives. These principles will be expected to be modeled by all staff and taught to all our students. Students will gain a sense of competence that encompasses academic, emotional and physical safety for each child to succeed and be college and career ready.

STUDENT DISCIPLINE AND MIDDLE SCHOOL DISCIPLINE POLICIES

Students are in school to learn, teachers are placed in our classrooms to teach, and we are going to maintain an environment that is conducive to learning. Students will be treated with respect and are expected to show others the same respect. Students not responding to this positive approach will meet with appropriate consequences related to their actions.

Extracurricular activities, including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Policies. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

In order to guarantee all students the excellent learning climate they deserve, we are utilizing the following discipline program.

Classroom Rules:

1. Students will report to class on time and with all materials necessary for class participation, which will be specified by grade level core teachers.
2. Students will not have food or candy in the gym in the morning. Food and drinks (except clear water bottles with lids) are also prohibited in the lockers (Eating or drinking is restricted to the commons area or the cafeteria unless given permission by a staff member in an approved area.)
3. Students will obtain proper recognition before asking a question or leaving his/her seat during class time.
4. Students will follow instructions as given by the instructor.
5. Students will help create a safe environment by keeping their hands, feet, and objects to themselves.

Students are expected to know and follow without exception the rules as listed in this Student Handbook.

Procedure for Implementations:

Teachers will follow the Positive Behavior Support (PBS) system for minor and major infractions.

MINOR & MAJOR POINTS INFORMATION

Eudora Middle School will utilize a Positive Behavior Support System to promote expected behaviors. Students who are unable to follow the behavior expectations of the school will be issued Minors and Majors.

A **Minor** is a report submitted to the office by a teacher describing a student's inappropriate behavior. Teachers will communicate with students about their behavior and provide corrective expectations.

If a **Major** is issued by a teacher the student will discuss their behavior with an administrator and may receive behavior points and a detention based on the actions. Three minors in a three-week time frame will result in an office-issued detention and a major for 7th and 8th graders. Three minors in a one-week time frame will result in an office-issued detention and a major for 6th graders.

EMS BEHAVIOR CODE AND POINT SYSTEM

- If a student accumulates 5 or more points he/she will be given in-school suspension (ISS) for 3 days.
- If a student accumulates 10 points he/she will be given out-of-school suspension (OSS) for 3 days.
- If a student accumulates 15 or more points he/she will be given out-of-school suspension (OSS) for 5 days and recommended for long-term suspension or expulsion.

*In an effort to promote student accountability and responsibility, students are given an opportunity to earn back points through community service. The principal will approve/assign all community service. One hour of service will be equivalent to one point. All quality and quantity of service will be verified. A maximum of 5 points of service can be done. Once a student reaches fifteen points they are not eligible to make up points.

***The administration reserves the right to assign consequences and points to any violation of school policy that is not listed on the chart.**

PBS GUIDELINES

JURISDICTION OF SCHOOL OFFICIALS

School officials may discipline students for misconduct as defined in this Code of Conduct, which occurs in and around school property, libraries or activities or using school provided equipment.

While misconduct, which occurs outside the school environment, is generally addressed by local law enforcement, school officials may discipline students for such conduct when the conduct impacts the school environment, educational objectives and the greater interests of the school district. Accordingly, school officials may discipline students for conduct occurring:

- While on or about school premises;
- While on school buses to and from school, on school-sponsored field trips, and while attending or participating in extracurricular activities;
- While engaged in school related activities on or off premises;
- While on school property, but during non-school hours; and/or
- While off school premises if the misconduct is directed toward school personnel;
- When the misconduct is facilitated by school district provided technology and/or other devices;

SEARCH AND SEIZURE ON SCHOOL PREMISES

Purpose and Objective

To maintain order and discipline in the schools, school officials are empowered to conduct searches of student and school property. Accordingly, students who bring contraband on to school property or to school-related activities may be searched in order to secure the school environment so learning can take place, and to protect students, staff and visitors from any potentially harmful effects stemming from the contraband. The Administration may utilize reasonable suspicion searches, metal detectors and canines as necessary to carry out and further the objectives of this policy. A student's failure to submit to searches and seizures as provided in this policy will be considered grounds for disciplinary action up to and including expulsion.

FORMS of SCHOOL DISCIPLINE

Administrative and teaching personnel may take actions regarding student behavior which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions given by building administration may also include in-school suspensions during the day. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended out of school or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

DETENTIONS

Thirty-minute detentions will be held immediately after school. Students may be assigned detentions for misbehavior. The DT may be served the day received or if arrangements can't be made the following day. No student will be admitted to DT after the session has begun for that day. Failing to serve an assigned DT in a timely manner will result in assignment of another DT or suspension.

SUSPENSION AND EXPULSION

Out-of-School Suspension (OSS) from a class for more than one hour or suspension from school itself shall be exercised only by the principal or his appointed person in charge in his absence. The following guidelines shall affect a student's suspension from school:

- **Short-term suspensions** from one to ten days may be assigned with an informal hearing being afforded the student.
- **Long-term suspensions** are defined as more than ten days up but not exceeding 90 school days and require a formal hearing.
- **Expulsion** may be for a term not surpassing 186 days and require a formal hearing.
- Parents shall be notified in writing of each suspension and/or expulsion.
- Students under suspension and/or expulsion are barred from all school property and are ineligible to attend school activities.
- Work will still be assigned during a suspension but it will be the student and parents responsibility to collect the homework from the school. For long-term suspensions alternative school work and assignments may be assigned.

Exclusion from school or suspension periods longer than ten days shall be assigned using the following guidelines:

- A student and his/her parents shall be notified in writing of the time, date, and place where the student will be afforded a formal hearing.
- A student shall be given a copy of Kansas Statutes dealing with expulsion.

Suspension and expulsion are authorized by a separate board policy entitled "Student Conduct and Procedure Code." However, an additional type of suspension is hereby authorized.

IN-SCHOOL SUSPENSION (ISS)

1. An **'in-school suspension' (ISS)** may be used to suspend a student from a class or even several classes. The student may continue to attend other classes. During the suspension, the student will be assigned to an area such as the office, hallway, or detention room; and some staff person, or adult designated by the principal, will be assigned to maintain general supervision of the student.

SUSPENSION REDUCTION OPTION

In an effort to promote the quitting of self-harming activity connected to smoking, vaping, and other similar activity, the administration will promote the opportunity to reduce suspension dates from school by the student completing a cessation program agreed to by the school administration and the offending student's parent. The student will be allowed to return from suspension before the end date once documentation of successful completion of a cessation session can be provided to the school. The student will be withheld from a return to the regular classroom schedule at least after the passing of a 24 hour period of time. The cost that is associated with a cessation program will be the sole responsibility of the student and/or their parent.

DRESS CODE

Neatness, decency, and good taste are guidelines of the district dress code. Students must dress in a manner that is not obscene; offensive; or substantially or materially disruptive to the learning environment. Apparel that is sexually suggestive; promotes violence, illegal activities, drugs, alcohol, and/or tobacco-vape products; or is determined to be gang related is prohibited. Student apparel and grooming must also meet requirements of any courses which are part of the approved curriculum in which they are enrolled.

The administration, faculty, and staff of EMS reserve the right to enforce reasonable dress guidelines to ensure a safe and orderly educational environment. Guidelines cannot take into account every possibility, so the cooperation of students and parents is requested and appreciated. Students should consider the following guidelines with respect to attire:

- Full head coverings are not to be worn in the building from 8:00 AM until school ends.
- Clothing with references to alcohol, drugs, or gangs is prohibited.
- Clothing with offensive language or symbols is prohibited.
- Clothing which promotes or conveys hate messages is prohibited.
- Clothing that may endanger the student or others, including visible chains and spikes, are prohibited.
- Clothing that is distracting so that it interferes with the teaching and learning process are prohibited.
- Clothing that does not properly cover the human form is not appropriate for the school environment and includes:
 - A coach, director, or sponsor may extend dress and appearance guidelines that exceed the list above.

Students wearing inappropriate clothing shall be sent to the office. If the inappropriate attire can be substituted with a T-shirt and/or sweat pants, the office will provide the student with such clothing in exchange for the inappropriate attire. The student will receive his/her own attire back with the return of the substituted clothing. Each apparel offense after the first incident will result in a detention and points from the behavior code. Any clothing or jewelry that disrupts or impedes the educational environment will be addressed on an individual basis.

In the interest of maintaining a safe environment, as well as promoting conduct which does not substantially disrupt, impede or interfere with the operation of the school, any articles of clothing, jewelry or other body ornaments which are perceived as gang-related attire by the school administration, shall not be worn at school or at school activities. Gang related graffiti, writing, and symbols are not tolerated.

PASSES

Students needing to leave their assigned class for any reason shall use a pass. Students wanting to go to another classroom must obtain permission in advance from the teacher. All students in the halls during classes must be escorted by a teacher or have a pass.

CHEATING

Whenever a student is guilty of cheating, the teacher shall collect the student's paper, mark a zero for the work, and notify the parent(s) and the office immediately as to the action taken. All students involved are subject to consequences (minor or major).

PLAGIARISM

Plagiarism – to steal the language, ideas or thoughts from another, representing them as one's own work. What this means is the author's words and ideas are his or hers and a student who borrows either, must acknowledge that fact.

1. Intent to plagiarize is irrelevant. "I thought these were my own words; I didn't mean to" is not an excuse. It is still plagiarized.
2. Only copying a sentence here or there is still plagiarism.
3. "But I put it in my own words" is still plagiarism. You are still using someone's thoughts other than your own.
4. Every appearance of borrowed material must be acknowledged.
5. Copying from another student's paper is plagiarism.

All students involved are subject to consequences (minor or major).

BULLYING

Acts of bullying, which include cyberbullying, or retaliation are prohibited:

1. On school grounds and property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function, or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school; or through the use of technology or an electronic device owned, leased, or used by a school district or school, and
2. At a location, activity, function, or program that is not school-related through the use of technology or an electronic device that is not owned, leased, or used by a school district or school, if the acts create a hostile environment at school for the target or witnesses, infringe on their rights at school, or materially and substantially disrupt the education process or the orderly operation of a school.

Bullying is the persistent use over time by one or more students of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, targeted at a student that:

1. Causes physical or emotional harm to the student or damage to the student's property;
2. Places the student in reasonable fear of harm to himself or herself or of damage to his or her property;
3. Creates a hostile environment at school for the student
4. Infringes on the rights of the student at school; or
5. Materially and substantially disrupts the education process or the orderly operation of a school.

Certain forms of bullying may involve criminal acts, which should be promptly reported to local law enforcement.

Cyberbullying is bullying through the use of technology or any electronic devices, such as telephones, cell phones, computers, and the Internet. It includes, but is not limited to, e-mail, instant messages, text messages, blogs, mobile phones, pagers, online games and websites.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Reporting: A student who believes he or she has been bullied should report it to school officials without delay. Forms for the reporting of bullying shall be available in each school office, or on the school district website. Reported incidents will be investigated by school personnel according to district guidelines and the [Bullying Assessment Flow Chart](#).

72-6147. Bullying, school district policies. (a) As used in this section:

(1) "Bullying" means: (A) Any intentional gesture or any intentional written, verbal, electronic or physical act or threat either by any student, staff member or parent towards a student or by any student, staff member or parent towards a staff member that is sufficiently severe, persistent or pervasive that such gesture, act or threat creates an intimidating, threatening or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of:

5. If your letter results in the arrest and conviction of the person or persons you named, you will be contacted or your number will be published. The reward will be paid to a representative of your choice to whom you should give the torn off corner of your letter for presentation to the School Board.
6. If the School Board is assured that the information you supplied is the key to solution of the crime, they will then authorize payment of the stated reward in cash to the informant or his representative.

17. Under no circumstances should a student chase a ball or loose school papers near or underneath a bus. Tell the driver if an item has gotten away’ he/she will assist in a safe retrieval, if possible.

This list should not be construed as all-inclusive. Common sense and prudence should be applied to all situations. The driver has the authority to suspend or implement rules as necessary.

PROCEDURE FOR TEMPORARY TRANSPORTATION CHANGE

Students are picked up and dropped off at their place of residence, unless special arrangements are made with the Transportation Director’s office. We are most willing to accommodate a request for a different drop-off point, however we must have an ADVANCE WRITTEN REQUEST in order to do so.

We hope this will not cause any unnecessary hardships on anyone however; it is imperative that we know who rides our buses on a given day, where they are dropped off, and whether they have permission to get off at a location other than home.

PROCEDURE FOR DEALING WITH BUS MISBEHAVIOR

A form will be used to communicate with parents or guardians when their student is misbehaving. The form must be signed by the parent or guardian and returned to the driver before transportation service can be resumed. We are charged with the responsibility of safely transporting our students. Disruptive behavior by students that may be distracting to the driver will not be tolerated. The consequences of misbehavior are as follows:

1. The receipt of the first misconduct notice generally serves as a warning. Parents and students are urged to take corrective action to insure that misbehavior does not reoccur.
2. The receipt of a second misconduct notice will result in the loss of bus service for one (1) day. Every effort will be made to meet with the student to discuss the misbehavior.
3. The receipt of a third notice will result in the loss of bus service for a period of five (5) days. A meeting with the student will be conducted whenever possible.
4. The receipt of a fourth misconduct notice will result in the suspension of bus service for the remainder of the semester, or thirty (30) days, whichever is longer. The parents may request a hearing on the matter, which may include the superintendent, principal, director of transportation, driver, student, and the parents.

Serious misconduct will be grounds for immediate dismissal from the bus without regard for the number of previous notices.

GENERAL

LUNCH

Eudora Middle School operates a closed period and is staggered into three different groups with 25 minutes for eating. (This lunch arrangement is subject to review and change as deemed necessary by USD 491 administration). The groups and times of the lunch schedule will be announced. Due to changing class schedules, an updated list of teachers assigned to the groups will be provided the first day of classes. Students will need to purchase A la carte items when they come through the line the first time.

GUIDANCE SERVICES

The Counseling Office at Eudora Middle School is available to students. Any student who would like to see the counselor/social worker should stop by the counseling office to make an appointment. In an emergency situation a student can ask for a pass from a staff member.

With a counselor, social worker or WRAP worker a student might want to discuss classroom problems, hassles with friends, difficulties with studies, personal concerns, advice about course selections, types of jobs available and training needed to get those jobs-or any other questions or concerns that might arise. Counselor/social workers/WRAP workers are here for the students to find solutions to their problems. Anytime you need to talk to someone, feel free to contact your counselor. Your counselor is here to listen and to help.

USE OF LIBRARY

The library will be available at designated times for students to use. Be considerate of your classmates – return all library materials on time!

Books: Books are checked out for a two-week period, and may be renewed twice (for a total of six weeks). Students are limited to two books per student per day. If you lose or damage a book, you must pay the replacement cost of that book. If you later find and return the book, you will get your money back.

Magazines: Old magazines are kept for research purposes. Ask the librarian or the library aid for a magazine check out slip. Fill it out completely. Old magazines are checked out for one day. New magazines may not be checked out. Encyclopedias and reference materials may be checked out for one hour or overnight; if checked out for overnight, the materials must be checked out the last hour of the day or after school and returned before 1st hour the next school day.

ASSEMBLIES

When attending assemblies, students should always be mindful of the respect that is owed to those performing and speaking to us. In some cases the school, student council, or other groups have taken money and time to plan assemblies.

MIDDLE SCHOOL DANCES

Participation in Eudora Middle School dances is limited to 7th and 8th graders. 6th graders will be involved in 6th grade only socials as well as events that are open to the entire student body. E.g. Booster Club Back to School Barbecue. Only Eudora Middle School students are allowed to attend dances or socials. EMS Students must be a Student In Good Standing in order to participate. All school rules apply at extracurricular activities, including no drugs or alcohol. If a student leaves a dance, he/she may not return. Any student leaving a dance early will be escorted out by a supervisor. Any student not in compliance with these guidelines may be sent home and parents/guardians will be contacted, if possible.

HOME AND FAMILY NIGHT

Wednesday evening has traditionally been set aside as home, church, and family night. No school related events are to be held on Wednesday night at Eudora Middle School. Exceptions may be made for events beginning before 6:00 p.m. and ending before 7:00 p.m. Any event scheduled on a Wednesday night will have superintendent approval.

SELLING AT SCHOOL

1. No student should enter a teacher's classroom to make a sale.
2. Students are not to sell to teachers between 7:30 a.m. and 3:30 p.m. on school days.
3. Students who are selling items should be sure that they are not using their fellow students as a captive audience. Any selling should be on a convenience basis.

VISITORS

At EMS students and teachers are actively learning and teaching. Visitors can be distracting to this process. Please check with the office to arrange your visitation.

HEALTH FOR THE MIDDLE SCHOOL

Any student who cannot participate in normal school activity such as PE classes must have a written excuse from their physician.

Students with severe cough, sore throat, fever or unexplained rash, persistent diarrhea and/or vomiting will not be able to remain in school. If a student is sent home with a fever of 100.0, he/she must stay at home 24 hours after the fever subsides without the use of fever reducing medications. Any student with an unexplained rash will be excluded from school until their physician makes a diagnosis.

USD 491 will offer only emergency first aid to students. If illness or injury is severe, the parents will be called. If we are unable to reach the parents, the emergency contact procedure indicated on the student's enrollment form will be followed.

Any student who misses school because of a communicable disease may be required to have a doctor's permit before returning to school.

Hearing screens are done every 3 years. Vision screenings are done every 2 years. Dental screening, cleaning, & other dental services information are provided to parents yearly. Dental hygiene is very important to growing teeth and yearly checkups are encouraged. Screenings will also be completed on high-risk students and any student that parents or teachers have a concern about. Parents will be notified of all referrals. If you do not want your student's vision, hearing or dental screened at school you must submit a written request to the school nurse at the beginning of the school year. If your student has a vision or hearing evaluation completed by a physician or specialist, please have a copy sent to the school nurse so that information can be added to their health file.

IMMUNIZATIONS

Kansas State Law requires all students to have up-to-date immunization records prior to starting school in the fall. Parents will be notified by mail, phone, email, and/or text if their student's immunizations need to be updated prior to the beginning of the next school year. **Students without up-to-date immunizations by September 30th of each year will be excluded until immunizations are up-to-date in the health office. Any boosters due after the school year has started will be due within 30 days after they expire or the student will be excluded from school until an up-to-date immunization record is received.** Students new to the district must show proof of up-to-date immunization status prior to enrolling. Students transferring in from another state will be given 30 days to complete immunizations required in Kansas that were not required by the state in which they are transferring from. Students with medical exemptions or religious exemptions are to have the appropriate form signed YEARLY. Medical and religious documentation must be provided PRIOR to the students 1st day of school to have the appropriate form signed yearly. Those students with religious exemptions need to sign a form upon entry to school.

NOTE TO STUDENT ATHLETES: Your athletic form does not go to the health office. Please make sure any immunization is sent to the health office.

MEDICATIONS AT SCHOOL

It is desirable for medications to be administered in the home. However, it is recognized some students are able to attend school regularly because of the effective use of medication in the treatment of chronic illness or disabilities. It is also recognized that in many short-term illnesses, medications may need to be continued after a student returns to school. It is the school's intent to cooperate with the parents and their physician in seeing that the student receives the correct medication and dosage at the proper time.

If a student must take medication more than three times a day or at a specific time of day, he/she is eligible to take the medication at school. These procedures are to protect the student and to eliminate unnecessary medication administrations at school. In order to promote the safety and well being of students, all prescription and non-prescription drugs must be kept in the nurse's office under lock and key. Before medication can be given or taken at school the following procedure must be followed: prescription medications must be in the original container and

clearly labeled with the student's name and dosage information and the medication administration form/physician's order must be completed and signed by both the parent and the physician. If dosages or times change a written notice from the physician is needed. ***Students requiring epipens for severe allergic reactions will be required to supply their own. The school will not have stock epipens on hand. The school does not stock any prescription medication.*** Any student not following this procedure will be considered in violation of the Drug and Self-Abuse Policy.

Over-The-Counter Medications – Parents will be asked to provide all over the counter medication for their student. Permission for these medications must be on file yearly. This may be done during online enrollment or the form may be acquired from the school nurse. The health office will have a limited supply of Tylenol, Advil (or the generic equivalent) and cough drops available to the students for special circumstances. Permission to give medications will not be accepted over the phone. All medications must be in the original bottle and clearly labeled with the student's name and is to be provided by the parent.

After a repeated number of visits for similar medical concerns to the nurse's office, it may be necessary for the EMS Care Team to meet with the parents/guardians and student to address the health issue.

HOMEBOUND

In case of serious illness, homebound instruction may be requested by the parent. USD 491 will decide if homebound instruction is appropriate and one hour of instruction per day may be provided.

SAFETY

STORMY WEATHER AND/OR EMERGENCY PHONE BROADCAST

Parents and guardians of Eudora School students receive immediate broadcasts of urgent information on the phone thanks to a partnership with Blackboard Connect. The system enables district and school personnel to simultaneously notify all households and parents by phone within minutes of an emergency or unplanned event that might cause early dismissal, school cancellation or late start. Messages are in the voice of a principal or someone else from the district and include all pertinent information about the emergency.

Parents need not register for the service; all phone numbers currently in the district's student information system, PowerSchool, are available for use by the broadcast system. Personal information and contact numbers are confidential and families will not receive any non-school messages as a result of this service.

For more information about how Blackboard Connect will be used by the district, and to learn more about how to get the most out of it at home, review the district website.

STUDENTS RELEASE IN TIMES OF CRISIS

If the district has activated its crisis plan and enacts the Student Safety and Release procedure, parents will receive a message through the automated calling BlackBoard Connect. Regardless of the circumstances, students will be released only to the parent/guardian or a previously identified emergency contact person; all adults will be required to provide a driver's license or other form of photo ID to enter the building during lock down and to pick students up.

TORNADO DRILLS

Upon receipt of information that a tornado threatens, public warnings will be sounded. As information on the progress of the storm becomes available, it will be broadcast promptly.

1. Upon receipt of a tornado warning in the area, the principal or designated person to act in his/her absence shall sound the alarm. The signal to take cover is repeated short rings of the class bells.
2. If time does not permit going to the pre-assigned shelter area, students and teachers should get into the safest area of the room. This will normally be the inside wall of the room, farthest away from any opening, windows, or doors. Students should be directed to crawl under desks or other large pieces of furniture that will afford some protection. Upon reaching the shelter area or safest place in the room, as the storm approaches, draw up the knees and clasp hands over neck or head.

The shelters will be designated during the first week of school. Student's routes will be posted in each room.

FIRE DRILLS

Fire drills are called several times during the year. When a fire siren is sounded, pupils will pass rapidly but in an orderly manner, from their rooms. Instruction upon the route to be taken by the pupil will be explained in each room before the first fire drill. **Students' routes will be posted in each room.**

LOCKDOWNS

Response plans are one important tool that we use at Eudora Schools to protect the safety and security of our students and employees during an emergency. There are two types of lockdowns that we use, as well as a procedure known as Run-Hide-Fight, depending on the emergency:

- Low-level lockdowns are when all exterior doors are locked and outdoor activities are avoided as much as possible. Efforts are made to maintain a regular schedule and routine for students during a low-level lockdown. This may be used in a wide variety of circumstances, including a medical emergency with a student or employee.
- High-level lockdowns require all doors inside and outside the building to be locked and for students and staff to remain in their classrooms and offices. There is no movement in the halls or between rooms during a

high-level lockdown. This is used if there is a serious threat near the school, but not directly on school grounds.

- Run-Hide-Fight is a national active-shooter response protocol designed to minimize the number of victims when someone is shooting a gun in a district school or office building. If Run-Hide-Fight is used, students and employees will run away from the threat, if it is safe, or hide from the threat if it is not safe to run. Students practice both of these in crisis drills. Fight, which is the third option -- and last resort -- is practiced by employees and occasionally discussed with students.

EVACUATION PLAN FOR THE DISABLED

Eudora Middle School students with disabilities requiring assistance have full-time paraprofessionals assigned to them. These paraprofessionals are responsible for evacuating the student when required.

Non-students with disabilities who may be in the building during activities will be served by the following plan:

1. When a disabled person enters through the front gate, the crowd control supervisor will be notified. The crowd control supervisor then make visual contact and notes where that person will be located during the activity. The crowd supervisor is responsible for aiding in evacuating that person from the building when required.
2. Non-students with disabilities who may be in the building for reasons other than activities will be assisted by the staff member with whom they are observing, working, or visiting.

EUDORA BOARD POLICY GAAF: EMERGENCY SAFETY INTERVENTIONS

The board of education is committed to limiting the use of Emergency Safety Interventions (“ESI”), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student’s conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school’s code of conduct, school safety plan, or student handbook. Notice of the online availability of this policy shall be provided to parents during enrollment each year.

DEFINITIONS

- “Campus police officer” means a school security officer designated by the board of education of any school district pursuant to K.S.A. 72-8222, and amendments thereto.
- “Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Emergency Safety Intervention” is the use of seclusion or physical restraint, but does not include physical escort or the use of time-out.

“Incident” means each occurrence of the use of an emergency safety intervention.

“Law enforcement officer” and “police officer” mean a full-time or part-time salaried officer or employee of the state, a county, or a city, whose duties include the prevention or detection of crime and the enforcement of criminal or traffic law of this state or any Kansas municipality. This term includes a campus police officer.

“Legitimate law enforcement purpose” means a goal within the lawful authority of an officer that is to be achieved through methods or conduct condoned by the officer’s appointing authority.

- “Mechanical Restraint” means any device or object used to limit a student’s movement.

“Parent” means: (1) a natural parent; (2) an adoptive parent; (3) a person acting as a parent as defined in K.S.A. 72-1046(d)(2), and amendments thereto; (4) a legal guardian; (5) an education advocate for a student with an exceptionality; (6) a foster parent, unless the student is a child with an exceptionality; or (7) a student who has reached the age of majority or is an emancipated minor.

“School resource officer” means a law enforcement officer or police officer employed by a local law enforcement agency who is assigned to a district through an agreement between the local law enforcement agency and the district.

“School security officer” means a person who is employed by a board of education of any school district for the purpose of aiding and supplementing state and local law enforcement agencies in which the school district is located, but is not a law enforcement officer or police officer.

- “Seclusion” means placement of a student in a location where all of the following conditions are met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that he or she will be prevented from leaving the enclosed area.
- “Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being secluded.

PROHIBITED TYPES OF RESTRAINTS

All staff members are prohibited from engaging in the following actions with all students:

- Using face-down (prone) physical restraint;
- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;

Using chemical restraint, except as prescribed treatments for a student’s medical or psychiatric condition by a person appropriately licensed to issue such treatments; and

Use of mechanical restraint, except:

- Protective or stabilizing devices required by law or used in accordance with an order from a person appropriately licensed to issue the order for the device;
- Any device used by a certified law enforcement officer to carry out law enforcement duties; or
- Seatbelts and other safety equipment when used to secure students during transportation.

USE OF EMERGENCY SAFETY INTERVENTIONS

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI RESTRICTIONS

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file. Such statement shall include an explanation of the student’s diagnosis, a list of reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding, the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

USE OF SECLUSION

When a student is placed in seclusion, a school employee shall be able to hear and see the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such a room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

TRAINING

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

NOTIFICATION AND DOCUMENTATION

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include:

- the events leading up to the incident;
- student behaviors that necessitated the ESI;
- steps taken to transition the student back to the educational setting;
- the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI;
- space or an additional form for parents to provide feedback or comments to the school regarding the incident;
- a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and
- mail and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and subsequent incident during each school year:

1. a copy of this policy which indicates when ESI can be used;
2. a flyer on the parent's rights;
3. information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and
4. Information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas.

Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second subsequent incident, the parent shall be provided with a full and direct website address containing such information.

LAW ENFORCEMENT, SCHOOL RESOURCE, AND CAMPUS SECURITY OFFICERS

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

DOCUMENTATION OF ESI INCIDENTS

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,

Whether the student has a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

REPORTING DATA

District administration shall report ESI data to the state department of education as required.

PARENT RIGHT TO MEETING ON ESI USE

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection with 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's Section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a

school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident , and any other school employees designated by the school administrator as appropriate for such meeting. The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

LOCAL DISPUTE RESOLUTION PROCESS

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state board of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

A parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

STUDENT ACTIVITY INFORMATION

PHILOSOPHY OF THE ACTIVITIES DEPARTMENT

The Eudora Middle School Activity Department has the following objectives:

1. To offer to its students as wide a variety of activities, grades 6-8, as the budget will allow.
2. To encourage as many boys and girls as possible to participate in one or more of these activities.
3. To be conscious at all times of the physical health and safety of the student.
4. To educate participants in the rules and techniques of the activity in which they are involved. Realizing that a “sound mind” is essential to the “sound body” we are attempting to develop, the Eudora Middle School Activity Department will strive for the following:
 - a. To stress the importance of fair play (Sportsmanship and teamwork) and ability to “get along” with a peer group.
 - b. To use activities to teach life long lessons.
 - c. To take pride in representing Eudora at all times.

Being aware that scholastic achievement is equally important as physical achievement, the Eudora Middle School Activity Department will consider the following to be of utmost importance:

1. To set a scholastic standard which all athletes must meet in order to participate.
2. To cooperate with the faculty to uphold whatever standards they set.

The activity program shall always be in conformity with the general objectives of the school and shall be in conformity with the Kansas State High School Activities Association Rules and Regulations. The primary emphasis at the Eudora Middle School is academics. The activity program should constantly strive for the development of a well-rounded individual, capable of taking his/her place in society.

Being accountable for the materials and equipment furnished by the School District, the Eudora Middle School Athletic Department will make every effort possible to achieve the following:

1. To purchase and use all equipment and materials judiciously.
2. To teach the students to respect property.
3. To keep a running inventory of all materials and equipment.

RULES FOR ACTIVITIES

2. All students must behave in a sportsmanlike manner.
3. Students will follow instructions from adults the first time they are asked.
4. Students breaking guidelines will be sent home or banned from attending activities.

LEAGUE AFFILIATION

Eudora Middle School is a member of the Frontier League.

ELIGIBILITY

The KSHSAA requirements for **semester eligibility** are that students pass at least five new subjects the previous semester to be eligible for any activities during the current semester.

Weekly eligibility requirements at Eudora Middle School include that students have no more than one failing grade (F).

- Weekly eligibility will be checked every Monday morning. The Athletic Director or Coach will compile a report of all players or managers who are failing at least one class. Students failing more than one class will be placed on probation for that week. They will still be eligible to fully participate in all practices and games during this week.

Students are allowed one probation week per school year. If that student receives a probation week in a season, they will not get another probation week the rest of the school year. They would immediately become ineligible for the week that they have more than 1 F.

- If students still have more than one failing grade after their probation week, they will become ineligible. Ineligibility starts the following Monday and ends on Sunday. Students can still practice while they are ineligible, but cannot participate in or travel with the team to any contests. When determining eligibility, other academic circumstances may be taken into consideration by the Athletic Director, and Principal.

- If students are ineligible and their grades are showing a decline or no improvement, they could become ineligible to practice until their grades improve.

In order not to violate the KSHSAA rules students are warned not to participate in practices or competitions outside the school without first checking with the Athletic Director or Coach to determine the effect of such participation on eligibility.

PHYSICAL EXAMINATION

Students participating in athletics must have a current KSHSAA Physical Evaluation on file with the Athletic Director's Office. A student cannot practice until this form is completed.

WARNING STATEMENT

Students must have a current Sports Risk Assessment form on file in the Activities Director's office indicating they understand that serious injuries can and do occur in athletics.

A student cannot practice until this form is completed.

KSHSAA CONCUSSION RELEASE

Students participating in athletics must have a current KSHSAA Concussion & Head Injury Release form on file with the Athletic Director's office indicating they know the signs and symptoms of concussions. A student cannot practice until this form is completed.

MEDICAL RELEASE

Students participating in athletics must have a current Emergency Treatment Consent Form on file with the Athletic Director's office. This allows a coach to get emergency help if a student is injured while participating. A student cannot practice until this form is completed.

INSURANCE

USD 491 has an excess insurance plan for all students enrolled. Please contact the Activities Director to file claims and to check on coverage. Parents are encouraged to secure additional insurance.

EMERGENCY AND FIRST AID TREATMENT

The school is required to give first aid to the students who become ill or are injured during the course of a school activity. The school requires coaches and assistant coaches to be certified in first aid and CPR. However, no treatment beyond first aid may be given. No medication may be administered.

Any accident to a student requiring medical attention shall be termed an emergency. The following is to be followed in the event of an emergency.

1. Give appropriate first aid.
2. Contact the parent/guardian and/or doctor and follow their instructions.
3. In the event a parent or guardian is not available, contact the ambulance for assistance. Coaches must know the phone number.
4. Notify the family physician; if unavailable, contact the school's designated physician.
5. The coach or assistant coach administering first aid without the knowledge of the parent or guardian should be aware of the child's religious affiliation; for example, Christian Science, etc.
6. The Activities Director will be informed of the serious injury and a filed accident report will be completed.
7. When injuries require a doctor's treatment, it is the athlete's responsibility to get a release from that doctor when he/she can participate again.

ATTENDANCE

Students must be in school one-half day (4 hours) to participate in practice or scheduled contests. The Activities Director and/or Principal may waive this requirement in advance of the absence.

TRANSPORTATION

An activity bus will run following regularly scheduled middle school practices. This bus will transport students to each district attendance center. There will be no supervision at this drop off point.

The school will provide all necessary transportation to and from all contests. Students who have special situations must get prior approval from the Activities Director and/or Principal. Students may ride home with parents. The parents must notify the coach or sponsor in person of their desire to take the student home. Bus sponsors are to supervise loading and unloading upon arrival at Eudora. Students will have access to phones to reach parents. Students will be supervised until parents arrive.

Special Instructions for Activity Trips

1. Students are expected to abide by the same rules as regular bus riding students.
2. The driver may allow food and drink on activity trips, however, sucker and popsicle sticks, and other items likely to cause injury are not permitted. Drinks must not be in glass containers.
3. Students are expected to ride both ways on activity trips unless written permission is granted by the parents or guardian. Students may only ride home with their own parents or guardians.
4. Per state law, a bus cannot discharge passengers at any locations other than the destination desired by the entire group.

TRAINING RULES

We believe that all participants should experience an adequate conditioning program before entering game-like situations.

Coaches should be sure that their athletes are prepared for competition by use of training rules and a conditioning program. Each coach has the authority and duty to establish rules and regulations regarding the following items and any others they deem pertinent to this sort as approved by the Activities Director and Principal:

1. Diet
2. Hours of rest and sleep

DETENTIONS FOR ATHLETES

Students who receive detentions will be expected to serve the detention as scheduled. The Coach may require students to do extra work to make up for missing practice.

PRACTICES

Practices will normally be held as soon after school as possible each school day. Practices cannot be required on days when school has been dismissed because of bad weather. There will be no Sunday practices. Wednesday night practices are to be finished by 6:30 p.m. KSHSAA or the Frontier League will determine the first practice date for each squad.

OVERNIGHT STAY

Parents/Guardians of students staying overnight on school-sponsored trips will be notified a minimum of 48 hours ahead of time of the room assignments for the group. Although changes may be made under emergency circumstances, notifications will be made to parents/guardians before the stay takes place.

ATHLETE ALCOHOL-TOBACCO DRUG POLICY

Extra Curricular Student Drug Policy

When the violation occurs on school grounds or during a school-sponsored activity this policy becomes an addition to the consequences tied to school building policy.

In order to ensure the highest possible standards of learning, as well as the safety, health, and well being of our students, USD #491 endorses a substance abuse prevention policy and procedures, which will:

1. Aid all students in abstaining from the use of alcohol, tobacco, vaping, and drugs
2. Intervene early when student use is detected
3. Enact corrective disciplinary actions.
4. Provide aftercare support for identified students.

Prohibited Activities:

1. Using, possessing, promotion of any tobacco product, selling, furnishing, or having been under the influence of any controlled substance, alcoholic beverage, intoxicant of any kind, tobacco, electronic inhalants/vaping, or smoking paraphernalia is prohibited at all time in any district facility; in school vehicles; at school-sponsored, activities, programs, or events; and on school owned or operated property..
2. The improper use/abuse, possession, selling, furnishing of any prescription or nonprescription drug or any materials (facsimiles) that give the appearance of alcohol, tobacco, vaping, or other controlled substances.

This policy is in effect for all students who participate in any extra-curricular activity at Eudora High School, beginning the first day of practice/rehearsal and ending when the season or activity is over. Students who violate the policy will be subject to appropriate discipline as outlined in the remainder of this policy.

In enforcing the provisions of this policy, the administration will act on the reasonable and responsible written evidence brought forth by:

- * #491 Certified staff member
- * Administrator
- * Law enforcement official
- * Admission from parents/student in question

A student accused of violating this policy will be referred to a school administrator and his/her parents will be notified. The school administrator will conduct a hearing with the student regarding the possible violations.

First Offense

1. If, after administrative investigation, it is determined that a violation did occur, the student will be immediately suspended from all games or performance activities of the team/squad to which he/she belongs for no less than 25% of all competition dates. Students are allowed to practice or rehearse. This may affect more than one sport/activity, and may carry over from one year to the next.
2. Before the student is allowed to return to games or activities they must complete an online course related to the dangers of drugs/tobacco/alcohol as assigned by the administration.

Second Offense

1. If, during an administrative investigation, it is determined that a violation did occur, the student will be immediately suspended from all games or performance activities of the team/squad to which he/she belongs for no less than 50% of all competition dates. Students are allowed to practice or rehearse. This may affect more than one sport/activity, and may carry over from one year to the next.
2. The student and parents must meet with an independent counselor to determine if counseling is needed prior to returning to participation

Third Offense

1. A student committing a third violation will be dismissed from ALL activities for a time period of 365 days.

Note: This policy will comply with students' right to due process.

As students enter high school, from Eudora Middle School, they will come in with a clean slate. Any violations of this policy that occur in middle school will not follow them to high school.

Individual teams coaches, directors, or sponsors have the right to enact additional consequences for students who violate this policy. These additional consequences are to be approved by the administration.

DUE PROCESS

Students have a property right to activities sponsored by our schools. If the school is supporting them with funds, facilities, etc. they become an extension of our curriculum. As with expulsion from school, a student who is to be expelled from a sport or activity must be afforded “due process”. In its simplest form “due process” means “fair play” and is guaranteed by the 14th Amendment.

The following procedure shall be followed in expelling students from a team or organization of the school.

A student and his parents are entitled to notice of specific charges or reasons for expulsion. This notice should be written and a copy supplied to the building Principal. The notice should contain a statement that, if desired, the parents and/or student make arrangements with the Principal for a hearing. If the hearing is not requested, within three (3) days the coach or sponsor may consider the matter concluded. If a hearing is requested, the Principal will try to establish a time that is convenient to all parties. After the hearing, the Principal may elect to support the expulsion or request that some lesser punishment be provided. The coach or sponsor may also be in a position, after hearing testimony by the student that he/she wishes to change the punishment. If the parents and student are not satisfied with the results of the hearing, they may request a hearing before the Board of Education. This request should be in writing within three (3) days after being notified of the Principal’s decision, and presented to the Superintendent of Schools.

SUICIDE PREVENTION/INTERVENTION

POLICIES, PROCEDURES, and CRISIS RECOVERY PLAN

INTRODUCTION

One of the most important components of suicide prevention is awareness. All staff within the Eudora schools play an important role in suicide prevention by recognizing students when they are experiencing emotional difficulties. Understanding signs, symptoms and behaviors that indicate emotional turmoil is a critical first step. Consultation with and referrals to district mental health staff (school counselor, school social worker, and school psychologist) are initial interventions in accessing support when concerns for emotional and mental well-being arise. District mental health staff can assist with school intervention services and/or assist students and families with referrals to outside agencies.

AWARENESS AND PREVENTION

Scope of Youth Suicide:

In the state of Kansas, Suicide is the 2nd leading cause of death among persons aged 10-14 as well as persons aged 15-34. In 2014 in the state of Kansas, the following suicide rates were recorded:

- 15.7 suicides per 100,000 population
- 78.6% of all deaths by suicide are male

APPROPRIATE ACTION

Remember, one of the biggest roles USD 491 employees plays in suicide prevention is to know the warning signs, and report to a member of the CARE team when you see warning signs:

- **F - Feelings** - Expressing hopelessness about the future
- **A - Actions** - Displaying severe/overwhelming pain or distress
- **C - Changes** - Showing worrisome behavioral cues or changes in behavior (withdrawal from friends, changes in social activities, anger, hostility, changes in sleep)
- **T - Threats** - Talking about/writing about/making plans for suicide
- **S - Situations** - Experiencing stressful situations involving loss, stress, humiliations, trouble

If a student displays they are an IMMEDIATE RISK for suicidal behavior:

- Supervise the student constantly, or make sure the student is in a secure environment supervised by a caring adult, until he or she can be seen by mental health contact.
- Escort the student to see the mental health contact.
- Provide any additional information to the mental health contact who is evaluating the student, so that you can help in the assessment process. That person will notify the student's parents if necessary
- A student is an IMMEDIATE RISK if he/she is:

- Talking about wanting to die or kill oneself
- Looking for a way to kill oneself, such as searching online or obtaining a gun
- Talking about feelings hopeless or having no reason to live

In the event that a student attempts, is reported to be at risk, or expresses a desire to complete a suicide, the staff should:

1. **Secure student's safety**

- DO NOT LEAVE STUDENT ALONE NOR ALLOW STUDENT TO LEAVE SCHOOL UNACCOMPANIED.**
- Notify the building mental health team member - school counselor, social worker, or psychologist

1. **Staff Should**

- Remain calm and avoid panic - Treat the concern as real, be patient and LISTEN - Be supportive, letting the student know she/he is doing the right thing in sharing the suicidal concern
- Talk in a calm, non-accusatory manner.
- Let the student know you care: focus on the concern for the student's well being, convey the student has value, and that you can empathize with their stress
- Let the student know you **cannot keep their concern confidential**, and that you need to talk with appropriate school personnel. It's important you communicate this to them, as well as focusing on that you want to assist them in getting help because you care about them.
- Refer to school counselor, social worker or psychologist

1. **Staff Should Not** - Dismiss the student's problems as trivial

- Judge or be critical - Jump to overly quick or easy solutions
- Look for "causes" of the student's problem
- Be abrupt and hurried

1. **The Mental Health Team Member Will**

- Notify parent (complete "Emergency Conference With Parents" form)
- Contact building administrator/designee
- Follow appropriate safety procedures
- Contact school resource officer or police department if warranted in the situation
- Document contacts with student/parent and all referral efforts
